# Training Delivery
# Simplified.

Manage training, accept payments, generate certificates and much more. All the tools you need to simplify and grow your training operation are at your fingertips!

**NEW!**
Auto-submit records to Ontario's MLITSD Database!

## Overview

SkillsPass is a modern training delivery platform that helps eliminate outdated and inefficient training and certificate management processes. It helps make training delivery a breeze- whether you're managing 100 customers or 100,000!

## SkillsPass Value

Unlike traditional Learning Management Systems, SkillsPass simplifies training delivery AND seamlessly connects trainers, employers, workers, and regulators into one digital ecosystem. Simply put, this means you can manage your training operation and securely share digital certificates and credentials with all relevant stakeholders within one proven platform!

> "The SkillsPass platform is easy to use and makes registrations and bookings a breeze!"

> Health + Safety

## Key Features & Benefits

SkillsPass offers features and functionality most sought after by administrators of workforce training, including:

- A custom online storefront to handle offerings, registrations, and payments.
- An easy-to-use interface that streamlines back-end administrative and reporting efforts.
- An end to lost certificates and reprint requests through the introduction of digital certificates!

### Simplifying Training Delivery From Start to Finish

| Offer Training & Accept Payments | Manage Bookings & Attendance | Track Progress & Get Reports | Deliver eCerts & Stop Reprints! |
